

How the Pledge Form Works

Thank you for supporting our parish! The Pledge Form represents your financial commitment to our parish. It also helps the parish treasurer in calculating the annual budget. After you have filled out your personal details the form asks the following:

After prayerful consideration of God's teachings and the love and blessings He has bestowed upon our household, our pledge to Saint John the Baptist Russian Orthodox Church for the year 20__ is \$_____

Please write in the year and the amount you intend to pledge. Afterwards select one of these options:

We intend to pay our pledge (check one):

weekly bi-weekly monthly quarterly annually

The amount you have pledged reflects the amount you will offer to the parish in the time you have chosen. For example, let's say you intend to pledge \$120 for the next year and you intend to pay out the pledge on a monthly basis. This means you would donate \$10 per month to the parish. Thus, your form would look like this:

After prayerful consideration of God's teachings and the love and blessings He has bestowed upon our household, our pledge to Saint John the Baptist Russian Orthodox Church for the year 2017 is \$10

We intend to pay our pledge (check one):

weekly bi-weekly monthly quarterly annually

Please be careful of the distinction. If you were to write in \$120, rather than \$10, the treasurer will assume that you will be donating \$120 each month, which totals to \$1440 for the year.

Please fill out the pledge form on the reverse side of this page and either mail to the parish or give it to the person at the candle desk when you attend our next Divine Liturgy.
